PUBLISHERS' NOTE

The forty-eight poems included in this collection consisting mainly of sonnets, are among the last written by the Master. He intended to give them all a final revision, but only a few were actually so done. One or two irregularities of rhyming may be noticed, but whether they were purposely meant to be like that or kept only provisionally, it is not possible to say. In several cases, where it seemed necessary, earlier versions have been drawn upon for textual collation and the fixing of dates. Where two dates are given for the same poem, the earlier refers to the date of composition and the other to that of revision.

The poems are arranged in chronological order and their facsimile reproductions given on parallel pages. There are, at places, discrepancies between the facsimile and the printed text. That is because there exist, in view of changes and corrections made from time to time, several versions of most of these poems and for the printed text the choice was determined by the one which was the most complete and seemed to be the last or final, whereas for the facsimile the needs of photography had to be taken into account, the need of selecting the most suitable one for representation.

Except for a few poems which appeared in the quarterly *Advent*, they are now published for the first time.

The Dumb Hearing

(1)

All sounds, all voices have become Thy voice;
Music and thunder and the cry of birds,
Life's bubble of her sorrows and her joys,
Cadence of human speech and murmured words,

The laughter of the sea's enormous mirth,
The winged flocks hurrying through the conquered air,
The auto's trumpet-song of speed to earth,
The machine's reluctant drone, the sea's slow

Blowing upon the winged of space;
A call of distance and of mystery,
Memories of sun-bright lands and ocean ways, —
All aware under-tones and throes of thee.

A secret humming steals through the blind heart.
And all grows beautiful because thou art —

ALL sounds, all voices have become Thy voice:
Music and thunder and the cry of birds,
Life's babble¹ of her sorrows and her joys,

The laughter of the sea's enormous mirth,
The winged plane purring through the conquered² air,
The auto's trumpet-song of speed to earth,
The machine's reluctant drone, the siren's blare

Blowing upon the windy horn of Space

Memories of sun-bright³ lands and ocean-ways,—
All now are wonder-tones and themes of Thee.

A secret harmony steals⁴ through the blind heart
And all grows beautiful because Thou art.

The Dwelling Universal

I have ^{cast} ~~opened~~ the wide world in my soul's embrace:

In its bosoms and Belfegor burn.

In the whatever being from I turn
I see my own body with another face.

All eyes that look on me are my sole eyes;
The one heart that beats within all breasts is mine.
The world's happiness flows through me like wine,
Its million wounds are my agonies.

Yet all its acts are only forms that pass
Upon my surface; why for ever still,
Unknown I sit, timeless, intangible,
All things are shadows in my tranquil glass.
My vast transcendence holds the cosmic wheel;
I am hid in it as in the sea a pearl.

The Indwelling Universal

I CONTAIN the whole world in my soul's embrace:
In me Arcturus and Belphegor burn.
To whatsoever living form I turn
I see my own body with another face.

All eyes that look on me are my sole eyes;
The one heart that beats within all breasts is mine.
The world's happiness flows through me like wine,
Its million sorrows are my agonies.

Yet all its acts are only waves that pass
Upon my surface; inly for ever still,
Unborn I sit, timeless, intangible:
All things are shadows in my tranquil glass.

My vast transcendence holds the cosmic whirl;
I am hid in it as in the sea a pearl.

Electron

The electron on which forms and worlds are built,
Deeped into being a particle of God.
A spark from the eternal energy field
It is the infinite blind mermaid's abode.

In that small gleaming chorist there lies
The One devised in himself to be;
His oneness in invisible form, he hides,
Time's tiny tangles of eternity.

Atom and molecule in their unseen flow
Butress an edifice of strange necessities,
Crystal and plant, insect and beast and man, —
None on whom the World-Unity shall seize,

While his sub-species to a epiphany
Of the hidden vastness of Infinity.

Electron

THE electron on which forms and worlds are built,
 Leaped into being, a particle of God.
A spark from the eternal Energy spilt,
 It is the Infinite's blind minute abode.

In that small flaming chariot Shiva rides.
 The One devised innumerably to be;
His oneness in invisible forms he hides,
 Time's tiny temples of¹ eternity.

Atom and molecule in their unseen plan
 Buttress an edifice of strange onenesses,
Crystal and plant, insect and beast and man,—
 Man on whom the World-Unity shall seize,

Widening his soul-spark to an epiphany
Of the timeless vastness of Infinity.

The Hidden Plan

However long Night's hours, I will not dream
That the smallest and the poorest man
Close all that God reveals in his life scheme,
The last ~~thing~~ result of all Nature's cosmic task.
A greater Presence in his bosom ~~lurks~~ ^{dwells};
Long it prepares its far epiphany;
Over the stone and breast it is Godhead lurks,
That bright Presence of eternity.
It shall burst forth from the limit traced by hand
And make a witness of the present heart;
It shall reveal even in this most blind
Nature, long veiled in each inconsequent part,
Fulfilling the occult magnificent plan,
The world-wide and immortal spirit in man.

The Hidden Plan

HOWEVER long Night's hour, I will not dream
That the small ego and the person's mask
Are all that God reveals in our life-scheme,
The last result of Nature's cosmic task.
A greater Presence in her bosom works;
Long it prepares its far epiphany:
Even in the stone and beast the godhead lurks,
A bright Persona of eternity.
It shall burst out from the limit traced by Mind
And make a witness of the prescient heart;
It shall reveal even in this inert blind
Nature, long veiled in each inconscient part,
Fulfilling the occult magnificent plan,
The world-wide and immortal spirit in man.

The Pilgrim of the Night
I made an assignation with the Night;
In the abyss was fixed our rendezvous:
In my breast carrying God's deathless light
I came her dark and dangerous heart to woo.
I kept the glory of the illumined Mind
And the calm rapture of the divinised soul
And travelled through darkness dim and blind
To the grey shore where her ignorant waters roll.
I walk by the chill sea through the dull solemn
And still the weary journeying knows no end;
For is the harbour godland beyond Time?
Here comes no voice of the celestial Friends
And yet I know my footprints' track shall be
A pathway towards Immortality.

Liberation

I have thrown from me the whirling dance of mind...
And stand now in the spirit's silence free;
Smileless and deathless beyond creature kind,
The center of my own eternity.
I have escaped and the small self is dead;
I am immortal, alone, ineffable;
I have gone out from the universe I made,
And ~~have~~ grown nameless and immeasurable.
My mind is hushed in peace and endless light,
My heart a solitude of delight and peace,
My sense immersed by touch and sound and sight,
My body apart in white infinites.
I am the one Being's sole immaculate Bliss:
No one I am, I who am all that is.

My Withered Spirit

I dwell on the spirit, 'till nothing can move
 And mistake the actors of thy past and life from
 Its mighty wings that'll thou shalt fire by never
 And the time-gallies of the deathless horse
 This mute stupendous Energy that rolls
 The stars and nebulae in its long train,
 Like a huge serpent through
 With its diamond head of joy and fangs of pain
 It rises from the dim innocent deep
 Upcoming through the midnight hearts of men,
 Then touches on some height of luminous slope
 The bliss and splendour of the eternal dawn.
 All this I hear in me, untroubled and still
 Aslant to thy all-wise and inflexible will.

I DWELL in the spirit's calm nothing can move
And watch the actions of thy vast world-force,

This mute stupendous Energy that whirls
The stars and nebulae in its long train,
Like a huge Serpent through my being curls¹
With its diamond hood of joy and fangs of pain.

It rises from the dim inconscient deep

Out of a seeming void and dark winged slop
Of den microscopit infinity

It rose above ^{from} the impenetrable deep,
A flower whol of magnetic Energy -

Some huge somnambulist Intelligence
Deriving without thought process and plans
Admired the burning stars' magnificence

The magic of numbers, what mechanical dance

I have wrapped the wide world in my arms
And Time and space my spirit's seeing are.
I am the god and demon, ghost and self,
I am the winds' speed and the blazing star.
All Nature is the rushing of my core,
I am the struggle and the eternal rest;
The world's joy thrilling runs through me, I hear
The sorrow of millions in my lonely breast.
I have learned a close secret of it all,
Yet am by nothing bound that I become;
Carrying me in the universe's call
I move to my uncomfortable home
I ~~stand~~ ^{pass} beyond Time and life or memory long
Yet still am one with born and unborn things.

I have housed within my heart the life of things;
All hearts allrob in the world I felt as one;
I stand the joy that in creation sings
And drink its wine like a fragrant wine.

I have felt the anger in another's breast,
All passions fused through my world selfless breast;
One love I loved in a million bosoms expressed.
I am the best man slays, the best he saves.

I spread life's burning wings ofraft and pain;

Thy golden Light came down into my brain
 And the grey rooms of mind sun-bathed became
 A bright refuge to Wisdom's occult plays,
 A calm illumination and a plane

 A psalm sung of thee in single note;
 My words are drunk with the dumb's wine.

Thy golden Light came down into my feet
 Thy light is now thy playfield and thy seat

The Infinite Adventure

On the waters of a ranch is Infinite
My ship is launched; I have left the human shore.
All fades behind me and I see before
The unknown abyss and one pale pointing light.
An unseen Hand controls my rudder. Night

An incessant Ganges' low plaint and roar
Or the ocean sleep of a dead Eveite.

I feel the greatness of the Power I seek

Beyond, the invisible height no sail has trod.
I shall be reared in the Lonely and Unseen
And walk into a sudden blaze of God,

The Greater Plan

I can hold no more by life's alluring cry,
Her joy and grief, her claim, her laughter's late.
Flushed are the rosy moments of the flesh,
And form and colour and brief ecstasy.
I would have, in my spirit's evidence solitary
The Voice that speaks when mortal life is mute.
I seek the words of things absolute
Born from the silence of Eternity.

There is a need within the soul of man
The ~~center~~^{glorious} of the surface ~~near~~ near state;
For life and mind and their glory and debate
Are the slow prelude of a song to thee,
A sketch confused of a supreme plan,
A preface to the epic of the Supreme.

The Universal Declaration

There is a wisdom like a brooding Sun,
A Bliss in the heart's cryp-^{er} green fiery white,
The heart of a world in which all hearts are one,
A Silence on the mountains of delight,
A Calm that cradles Fate upon its knees;
A wide Confession least a true earth's pain,
A Vision dwells within our caverns,
The infinite Godhead in the body of man.

Our mind is a glimmering curtain of that Ray,
Overstept a parody of the immortal's pace,
Our gaze dwains on the Eternal's way
Hunting the ^{unreachable} fugitive beauty of an hour,
Ours the heart's veiled door its word of flame
Is written, the secret and tempestuous Name.

In a town of gods, housed in a little shrine,
From sculptured limbs the Godhead looked at me, -

Krohn

At last I find a meaning of world's birth
Like the universe tremble and swirl,
I who have felt the hungry last of earth
Aspiring beyond heaven to Krohn's feet.

I have seen the beauty of Minerva's eyes,
And heard the perfume of the Lavin's flute,
And known a deathless, earthly's response
And know in my heart for ever more.

Nice and never was the magic done,
Life shudders with a stronger feeling;
All Nature is a circle ground and peace
Hoping in lovely touch, to clasp, to be.

For the one moment lived the ages past,
The world now the robe fulfilled in me at last.

And known a deathless ecstasy's surprise
 And sorrow in my heart for ever mute.

All Nature is a wide enamoured pause
 Hoping her lord to touch, to clasp, to be.

Shiva

On the white summit of eternity
A single Soul of bare infinites,
Guarded he keeps by a firm screen of peace
The magic loneliness of nude ecstasy.
But, touched by an immense delight to be,
He looks across unending depths and sees
Rising amid the incomprehensible
The right Mother's dumb felicity.
Half now awake she rises to his glances;
Then moved to circling by her breast-beats, 'till
The rhythmic world describes that passion-dance.
Life springs on her and kind is born; her face
She lifts to Him who is Himself until

The Word of the Silence

A lone impersonal truth is now my mind,
A world of sight clear and inimitable,
A volume of silence by a Godhead signed,
A greatness pure of thought, virgin of will.

Once on its pages I saw as could write
In a simile of intellect the blinding of Time
And cast gleam-messages of apprehension light,
A food for words that wander on Nature's rim.

But now I listen to a greater Word
Born from the not unseen transcendent Ray:
The Voice that all silence echoes best
Leaps renewed from an eternal glory of Day.

All turns from wideness and unbroken peace
To a tumult of joy in a sea of wide release.

My heart is a centre of infinity,
My body a dot in the soul's vast expanse.
All being's huge abyss wakes under me,
Once screened in a gigantic Ignorance.

A momentless immensity pure and bare,
I stretch to an eternal everywhere.

The Dual Being

There are two beings in my single self.
A Godhead watches Nature from behind
At play in front with a brilliant surface elf
A timetoken creates with a human mind.

Impassive and boundless like a sea or sky,
The Godhead knows himself Eternity's son.
Radiant, his own and all, ~~as~~ his heart is free;
His will is a sceptre of dominion.

The smaller self by Nature's passions driven,
Thoughtful and erring learns his human task;
All must be known and to that Greekness given
The mind and life, the mirror and the mask.

As with the figure of a symbol dance
The screened Immortal plays at Ignorance.

Life

In us is the thousandfold spirit who is one,
An eternal thinker calm and great and wise;
A seer whose eye is in all-regarding ear,
A part of the cosmic mysteries.

A critic who sees pieces everything
And binds the fragments in his brilliant sheaf;
A bold adventurer borne on Destiny's wing
Gambles with death and triumph, joy and grief.

A king of greatness and a slave of love,
Host of the stars and guest in Nature's inn;
A high spectator spirit throned above,
A pain of passion in the game divine.

One who has made in sport the sun and seas
Triumphant in outliving his immense caprice.

O God of whom I am the instrument,
O secret Spirit and Nature housed in me,
Let all my mortal being now be blent
In Thy still glory of divinity.

I have given my mind to be dug Thy channel mind,
I have offered up my will to be Thy will:
Let nothing of myself be left behind
In ever unceasing mystic and unutterable

My heart shall throb with the world-beats of Thy love
My body become Thy engine for earth-work;
In my nerves and veins Thy mystic's stress shall move;
My thoughts shall be hounds of sight for Thy glory to lose.

The Divine Worker

I face earth's happenings with an equal soul;
In all we heed Thy steps: Thy unseen feet
Tread Destiny's pathings in my foot. Life's whole
Tremendous Heaven is Thou complete.

No danger can disturb my spirit's calm:
My acts are Thine; I do Thy works and pass;
Failure is cradled on Thy deathless arm,
Victory is Thy passage mirrored on Fortune's glass.

In this world combat with the fate of man
Thy smile within my heart makes all my strength;
Thy force in all labours at its grandiose plan,
Indifferent to the Time-maker's crawling length.

No power can slay my soul; it lives in Thee.
Thy presence is my immortality.

I have discovered my deep deathless being:
Racked by my front of mind, in nerve, in sense
It meets the world with an Innkeeper's seeing,
A god-spectator of the human scene.
~~The~~^{No} pain and sorrow of the heart and flesh

The Inner Sovereign

Now more and more the Epiphany within
Affirms on Nature's soil ^{the} sovereign might.
My mind has left its prison-camp of brain;
It flows, a luminous sea from spent lights.

A tranquil splendour, waits my Lord of Life
Couched in my heart, to do what He shall bid,
Posing wide wings like a great hippogriff
On which the gods of the imperishable ride.

My senses change to gold-gates of bliss;
An ecstasy thrills through touch and sound and sight
Flooding the blind material sheath's dull case:
My darkness, craven to this cell of light.

Nature in me one day like Him shall sit
Victorious, calm, immortal infinite.

A Dream of Surreal Science

One dreamed and saw a gland enter Hamlet, broke
Hole the Horned, capture in mortality;
A committee of hormones on the Aegean's brink
Composed the Iliad and the Odyssey.

A thyrotoxic, melting almost nude
The light of the tree, saw the eternal light
And, rising from its mighty solitude,
Holds the wheel and eight fold path all right.

A brain by a desecrated strand down
Thundered through Europe, anguished, naked and fell,
From St Helena west, perhaps, to Heaven.
They wraged on the surreal world, until
A scientist played with atoms and blew out
The universe before God had time to shout.

Spoke of the Wheel and eightfold Path all right.

A brain by a disordered stomach driven
Thundered through Europe, conquered, ruled and fell.
From St. Helena went, perhaps, to Heaven.

A scientist played with atoms and blew out
The universe before God had time to shout.

The Miracle of Birth

I saw my soul a traveller through Time;
Two life to life the cosmic ways it trod,
Upward in the depths and on the heights sublime,
Evolving from the worm into the god.

A spark of the eternal Fire, it came
To build a house in Matter for the Unborn.
The unconscious sunless Night received the flame,
In the brute seed of things dumb and forlorn
Life stirred and thought outlined a gleaming shape
Till on the stark inanimate ^{earth} ~~earth~~ ^{only note} ~~earth~~,

The Body

This body which was once my universe,
I saw a pittance carried by the soul, —
Its fitting motion bears this scanty form,
Pacing through roughness to a vaster goal.

Too small was it to meet the great need
That only infinitude can satisfy;
He keeps it still, for in the folds is hid
The secret passport to eternity.

In his front an eadless Time and Space display
The landscape of their golden happenings;
His heart is filled with sweet and violent joy,
His mind is upon great and distant things.

How grown with all the world's contentions
Is the little dweller in this narrow house!

And crossed the silver bar,
I have reached the Sun of knowledge

Its fields of flaming vision,
Its mountains of bare night,
Its peaks of fiery rapture,
Its air of absolute light,

Its seas of self-oblivion,
Its vales of Titan rest
Became my soul's dominion,
Its Island of the Blest.

There with God and silence,

Thought was Time's ardent rhyme.

When I came back to earth
Bringing the Immortal's knowledge

Self-willed in ego to exclude this night,

In the haze that dazzles our vision everywhere,

The Children of Notan

1940

"Where is the aid of your armed march, O children of Notan?
Ere shudders with fear at your tread, the death-floor laughs in your eyes."
"We have seen the sign of Thor and the hammer of new creation,
A seed of blood on the soil, a floor of blood in the skies.
We move to make of earth a hell and call it heaven.
The heart of mankind we have smitten with the whip of the seven seas;
The will of God lies bleeding in our black and gold sunrise."

"I hear the cry of a broken world, O children of Notan."
"Question the volcano when it burns, chide the fire and bitumen!
Suffering is the fruit of our strength and torture the bliss of our entrails.
We are pitiless, mighty and glad, the gods fear our laughter in heaven.
Our hearts are horrid and hard; we wear the belt of Orion.
Our will has the edge of the thunderbolt, we act the deers of the lion.
We rejoice in the pain we create as a man in the kiss of a woman."

"Have you seen your fate in the scales of God, O children of Notan,
And the tail of the Dragon lashing the foam in far-off seas?"
"We mock at God, we have silenced the mutter of priests at his altar.
Our leader is master of fate, redeemer of lost mysteries.
We have made the mind a cypher, we have strangled thought with a cord.
Dead now are pity and honour, strength only is Nature's lord.
We build a new world-order; our bombs shout Notan's peace."

"We are the jewelers of Darling, we are the children of Notan,
We are the human Titans, the superman dreamed by the ages.
A corn of the host and demagogue with the godhead of power and will,
We are born in humanity's sunset, to the night is our pilgrimage.
On the bodies of perishing nations, ride the cry of the catastrophe coming,
To a froth of bomb and shell and the aeroplane's fatal humming,
We march, lit by Babel's death-pyre, to the world's satanic age."

1940 August.

The Children of Wotan (1940)

“WHERE is the end of your armoured march, O children of Wotan?

Earth shudders with fear at your tread, the death-flame laughs in your
eyes.”

“We have seen the sign of Thor and the hammer of new creation,
A seed of blood on the soil, a flower of blood in the skies.
We march to make of earth a hell and call it heaven.
The heart of mankind we have smitten with the whip of the sorrows seven;
The Mother of God lies bleeding in our black and gold sunrise.”

“I hear the cry of a broken world, O children of Wotan.”
“Question the volcano when it burns, chide the fire and bitumen!
Suffering is the food of our strength and torture the bliss of our entrails.
We are pitiless, mighty and glad, the gods fear our laughter inhuman.
Our hearts are heroic and hard; we wear the belt of Orion:
Our will has the edge of the thunderbolt, our acts the claws of the lion.
We rejoice in the pain we create as a man in the kiss of a woman.”

“Have you seen your fate in the scales of God, O children of Wotan,
And the tail of the Dragon lashing the foam in far-off seas?”
“We mock at God, we have silenced the mutter of priests at his altar.
Our leader is master of Fate, medium of her mysteries.
We have made the mind a cypher, we have strangled Thought with a cord;
Dead now are pity and honour, strength only is Nature's lord.
We build a new world-order; our bombs shout Wotan's peace.

We are the javelins of Destiny, we are the children of Wotan,
We are the human Titans, the supermen dreamed by the sage.
A cross of the beast and demoniac with the godhead of power and will,
We are born in humanity's sunset, to the Night is our pilgrimage.
On the bodies of perishing nations, mid the cry of the cataclysm coming
To a presto of bomb and shell and the aeroplanes' fatal humming,
We march, lit by Truth's death-pyre, to the world's satanic age.”

The Silver Call

There is a godhead of unrealized things,
 Towhich times' splendours ^{hybrid} ~~are~~ ^{are} ~~crossed~~ ^{crossed};
 A ~~world~~ ^{cry} ~~that~~ ^{near} seems a rustle of silver wings
 Calling ~~for~~ ^{to} heavenly for ~~the~~ ^{by} earthly, loss.

All eyes has seen and all the eys has heard
 Is a pale illusion by some greater voice
 And mightier vision; no sweet sound or word
 No possession of hues that make the heart to grieve
 Can equal those diviner spectacles:
 A mind beyond our mind has sole taken
 Of those yet unimagined harmonies,
 The fate and knowledge of unborn men.
 As now-thrased men the marvel of the voice,
 Last words that distant marvel to disclose

The Silver Call

THERE is a godhead of unrealised things
To which Time's splendid gains are hoarded dross;
A cry seems near, a rustle of silver wings
Calling to heavenly joy by earthly loss.

All eye has seen and all the ear has heard
Is a pale illusion by some greater voice
And mightier vision; no sweet sound or word,
No passion of hues that make the heart rejoice

Can equal these diviner ecstasies.
A Mind beyond our mind has sole the ken
Of those yet unimagined harmonies,
The fate and privilege of unborn men.

As rain-thrashed mire the marvel of the rose,
Earth waits that distant marvel to disclose.

Contrasts

What opposites anchor! A trivial life
Specks the hugeness of Death called Matter; evidence
In its struggle of weakness towards omnipotence,
A thinking mind starts from the unthinking strife
In the order of the electric elements.
Immortal life brooded in that restless death,
A mystery of knowledge were the death
Matter's mere residue. It enveloped as
Or dimly consciousness all obviously begins
Driving the atoms in their cosmic course
Whose huge unceasing movement serves before
The works of a stronger blind consciousness.
The world's deep contrasts are but figures of
Draping the unanimity of the One.

Contrasts

WHAT opposites are here! A trivial life
Specks the huge dream of Death called Matter; intense
In its struggle of weakness towards omnipotence,
A thinking mind starts from the unthinking strife
In the order of the electric elements.
Immortal life breathed in that monstrous death,
A mystery of Knowledge wore as sheath
Matter's mute nescience. Its enveloped sense
Or dumb somnambulist will obscurely reigns
Driving the atoms in their cosmic course
Whose huge unhearing movement serves perforce
The works of a strange blind omniscience.
The world's deep contrasts are but figures spun
Draping the unanimity of the One.

Mark the Thinking Drum!

A tramping unit in a homeless place
amid the enormous insignificance
Of the unpeopled corners' fire whirl dance,
Lost, as by accident on a mad road man.
A reaction of his own grey ignorance,
A small half shadow and half gleam, a breath
That waltzes, captain in a world of death,
To live some lone brief years. Yet his advance,
A stamp of ~~the~~ ^a divinely written,
A consciousness in the unconscious night,
To realize its own reflex light
Expects the rattling forces of the Universe.
Aspiring to godhead from a humble clay
His travels slow-footed towards the eternal day.

Man the Thinking Animal

A TRIFLING unit in a boundless plan
Amidst the enormous insignificance
Of the unpeopled cosmos' fire-whirl dance,
Earth, as by accident engendered man.

A creature of his own grey ignorance,
A mind half-shadow and half-gleam, a breath
That wrestles, captive in a world of death,
To live some lame brief years. Yet his advance,

Attempt of a divinity within,
A consciousness in the inconscient Night,
To realise its own supernal Light
Confronts the ruthless forces of the Unseen.

Aspiring to godhead from insensible clay
He travels slow-footed towards the eternal day.

Evolution

I passed into culture still abode
 And saw as in a mirror crystalline
 The ancient time ascending the future
 Of the ascending spirals of the æonic roads.
 It was a cradle for the coming god
 And was but a half-dark half-luminous sign
 Of the transition of the veiled Dawn
 From Matter's sleep and the time-rod road
 Of ignorance & life added to the spirit's light.
 And litigated upon light's ocean vast
 And life escaped from its grey tortured lair
 I saw Matter illumined its phase of Night.
 The soul could feel its infirmity cast
 Smiles for the bliss the heart inclines to

Evolution

I PASSED into a lucent still abode
And saw as in a mirror crystalline
An ancient Force ascending serpentine
Of the ascending¹ spirals of the aeonic road.
Earth was a cradle for the arriving God
And man but a half-dark half-luminous sign
Of the transition of the veiled Divine
From Matter's sleep and the tormented load
Of ignorant life and death to the Spirit's light.
Mind liberated swam Light's ocean-vast,
And life escaped from its grey tortured line
I saw Matter illumining its parent Night.
The soul could feel into infinity cast,
Timeless God-bliss the heart incarnadine.
